HAYWOOD A WITNESS

He Testifies In His Own Behalf Before Jury.

HIS STORY MADE WIFE SOB

On Every Point Accused Man, Flatly Contradicted State's Witness—Denies All Allegations Made Against Him.

Boise, Idaho, July 13.—William D. Haywood took the oath Thursday as a witness in his own defense, and in a lengthy narrative of his life and his work as a leader of his fellow miners that was interrupted by adjournment, denied guilt of the murder of Frank Steunenberg, and the manifold crimes charged against him by Harry Orchard.

Haywood was pale and trembling with nervousness when he left the table of his counsel, and walked around to the elevated witness stand, where he faced the judge and jury, and raised his right hand to be sworn. When he began to respond to Clarence Darrow's questions his voice was low and somewhat uncertain, but within ten minutes he had regained his composure.

As he told of his boyhood, that began with toil at the age of 9, and gave the history of his family, his invalid wife, who sat just to the left of the witness stand, began sobbing softly. Her mother-in-law and her nurse soon comforted her, however, and during the rest of the afternoon she and the rest of Haywood's kinfolks remained quiet but deeply concerned auditors.

Haywood's testimony was chiefly characterized by positive denials of the allegations made against him by the prosecution. He denied that he met Orchard until some time after the Vindicator explosion; denied that he sent Orchard back to Cripple Creek to blow up the Independence station; denied participation in the Lyte Gregory murder, and denied suggesting or discussing the Steunenberg murder.

The state completed the cross-examination of Charles H. Moyer at noon, and in dealing with his testimony directed its strongest attack against the circumstances under which the federation at the suggestion of Jack Simpkins came to the relief of Orchard when he was arrested for killing Steunenberg.

Senator Borah, who conducted the examination, emphasized the connection of Jack Simpkins and the federation, and the fact that the federation, without inquiry as to the guilt or innocence of Orchard, gave $1,500 from its treasury to provide for his defense. He also developed the fact that the federation is providing for the defense of Steve Adams, who is charged with killing two claim jumpers at the instigation of Jack Simpkins.

Ouida, Novelist, in Want.

London, July 13.—The appearance of the name of the French novelist Ouida (Louise de la ramee) on the new list of civil pensions for literary merit, occasioned some surprise here. Inquiries were at once made concerning the novelist's circumstances and from it turns out that the pension of $750 a year granted by the government is a greatly needed benefaction. Until a couple of years ago, Mme. de la ramee lived at Lucca, Italy, in luxury. As a result, however, of her complete ignorance of the value of money, her resources dwindled until she was reduced to a state of absolute poverty, being sometimes actually in want of food. Lately she has been living in a milkman's squalid cottage at Massaresa, 8 miles from Lucca.

Two Killed; Seven Hurt.

Donaldsonville, Ga., July 13.—In the head-on collision between two freight trains, which occurred at Ousley, Ga., east of here, on the Coast Line, two negro firemen were killed outright and Engineers Wells and six members of a painting gang were seriously injured. The track was blocked for several hours and passenger trains had to transfer.

NEW SCHEME PROPOSED.

Partial Government Ownership of the Transportation Lines.

Chicago, July 13.—A dispatch to the Tribune from Washington says:

An entirely new and extremely radical proposition for control of the railroads has been advanced for the consideration of President Roosevelt. It involves partial government ownership of transportation lines by actual purchase of stock.

The suggestion has been made in a semi-official way, but whether President Roosevelt would adopt the scheme which is so nearly socialistic in its development may well be doubted. It has been stated, however, that he is actually considering such a recommendation and that it is part of the proposition to bring the railroads to time by securing receivers for them.

The two schemes fit into each other perfectly. It would be practically impossible for the government to secure the appointment of receivers or to control in any way receivers after they were appointed unless it had a monetary interest in the railroad. If it owned stock, no matter haw small an amount, it would have a standing in court, the same as the largest creditor of the road.

The idea of purchasing stock is a practical one, but it is undeniably government ownership on a small scale and inevitably would result in actual ownership in the long runu.

The theory of those who have advanced this scheme for the consideration of President Roosevelt is that by a comparatively small investment in the stock there might be a small measure of government ownership, but without any government control, so far as the running of the road is concerned.

KIDNAPED OWN DAUGHTER.

Elder Sister of Child Is Said To Have Legally Adopted Her.

Savannah, Ga., July 13.—Mrs. J. Putnam, of Jacksonville, formerly of Savannah, has been placed in jail here on the charge of kidnaping her own daughter. She will be presented to the grand jury Monday. It may be that others instrumental in the effort to take the little girl, known as Lizzie Flake, from her sister may also be indicted. So far, however, Mrs. Putnam is the only one to have been arrested.

Several Years ago Mrs. Putnam married a widower at Meldrim. It is claimed they quarreled and she is said to have left him. The husband died and the woman, it is claimed, sent to Meldrim and had the child kidnaped from its home. The ordinary refused to permit her to keep it. The little girl was given into the care of an orphan asylum.

The mother went to Jacksonville and returning Wednesday found that the child was living with an elder sister who had legally adopted her. The mother, it is charged, had the child enticed from home and attempted to get out of town with her.

The police were notified and arrested her at the Central railway station.

The mother claims that she did not know the child's sister had legally adopted her.

Quarantine on Gulf Coast.

New Orleans, July 13.—Dispatches from Galveston, Tex., say that a movement to make United States maritime quarantine universal on the gulf coast has been started by the Galveston chamber of commerce. Texas alone, of all the gulf states, maintains state maritime quarantine, the other states having turned their quarantines over to the federal government. The Galveston chamber of commerce has sent a request to Washington that for the sake of the welfare of the port, Galveston be given a quarantine station and regulations the same as those of other gulf seaports.

Reunion of the Thirtieth Georgia.

Atlanta, July 13.—The annual reunion of the Thirtieth Georgia regiment will take place on the last Friday in this month—July 26—at Douglasville. An invitation has been extended to all confederate veterans to attend. There will be martial music by a fine brass band and addresses by able speakers.

MANY HURT IN WRECK

Smash-Up Occurs on the Queen and Crescent

NEAR THE TENNESSEE LINE

On Account of a Work Train Failing to Send Out a Flagman, Serious Rear-End Collision Results—List of Victims.

Somerset, Ky., July 13.—Sixteen men were hurt in a wreck on the queen and Crescent road Thursday when a local freight crashed into a work train near the Tennessee line. A relief train brought the victims to a sanitarium here.

Those injured:

Caleb Owens, L. B. Mulkey, W. N. Angel, Frank Fitzpatrick, Robert Stepperd, J. M. Ross, Frank Lovell, B. Lovette.

The wreck was caused, says an official announcement from Superintendent Caldwell, by the work train failing to send out a flagman while taking water.

ALABAMA LEGISLATURE.

State Solons Make Adverse Reports on Certain Measures.

Montgomery, Ala., July 13.—Four distinct propositions, about which there has been much interest in legislative and other circles this week, were given black eyes by the senate committees Thursday in the shape of adverse reports, or agreements to so report.

They are in the prohibition of Sunday freight trains; state aid for good roads; increase of the tax rate, and abolition of the tax commission.

Every one of the bills to these ends were disapproved by the committees.

The senate committee also oppose a bill to force railroads to print the schedules in newspapers. The measures for country high schools, increasing power of the railroad commission, so it can raise as well as lower rates, prohibition of sale of hop jack, and sale of whisky by druggists on doctors' prescriptions in quantities above four ounces in one day. The bill to prevent drinking on railroad coaches, except in buffet or dining cars, was approved, as was the repeal of the $8 tobacco tax, recently levied.

EAXMINATION CONCLUDED.

Applicants for Appointment in Consular Service.

Washington, July 13.—The examination of applicants for appointment in the consular service which has been in progress at the state department for the past three days was concluded Friday but the names of those successful will not be announced fo several weeks.

Only forty-eight of the fifty two candidates designated by Secretary Root presented themselves for examination. Their geographical distribution was as follows:

Virginia 8, Pennsylvania 5, Michigan, Louisiana and Illinois 4 each, Georgia, Iowa and Tennessee, 3 each, Kentucky, Maryland, Minnesota, New Mexico and Texas, 2 each, and the District of Columbia, Kansas, Mississippi and Missouri 1 each. Two of the applicants are negroes.

Large Peach Shipment.

Macon, Ga., July 13.—Wednesday was the record-breaker for peach shipments from central Georgia for the present season. There were 34 cars sent away to northern and eastern markets. Twenty cars went to New York city, eight to Philadelphia and the rest to different smaller points. This ran the shipments from the middle section of the state up to 267 cars.

Farewell Audience Given.

Tokio, July 13.—Luke E. Wright, the American ambassador, was received in farewell audience Friday by the emperor. Afterward the American ambassador, Mrs. Wright, and their daughter lunched with the emperor and empress at the palace. Ambassador Wright's departure is generally regretted here.

OPEN ATTACK MADE.

Russian Newspaper Jumps on France and Her Ambassador.

St. Petersburg, July 13.—An open attack on the French government and Ambassador Bompard appeared Friday in the Novoe Vremya, which a week ago began reviewing and tentatively condemning the Franco-Russian alliance.

It is supposed that the paper in this instance is serving as the mouthpiece of the powerful court party which is working in favor of closer relations with Germany.

The editorial is couched in intemperate and offensive language and seriously compromises the position of M. Bompard at St. Petersburg. It says:

"Tactless to the point of impudence has been the behavior of the ambassador in urging unasked advice on Russian internal affairs of which he is a perfect ignoramus. The French government also treated official Russian strangely, almost hostility. The German official press and the official utterances in the chamber of deputies have indicated all along that France was anxious to engage in negotiations with the new born douma over the head or behind the back of the government. Such insincerity and double dealing is calculated to give open encouragement to the Russian revolutionists who claim that France is more attentive to their voice than to the voice of the recognized and responsible representatives of the Russian empire."

Simultaneously the Novoe Vremya bitterly complains of the confusion and incapacity of Russian diplomacy, pointing to the failure of Foreign Minister Izvolsky to bring about re-establishment of Russian prestige.

WOULD-BE SUICIDE ARRESTED.

Man First Tried Handing, Then Searched for Razor.

Atlanta, July 13.—Following an unsuccessful attempt to hang himself, Fred Cole, of 117 Fraser street, made every effort Thursday afternoon to find his razor with which he declared he would cut his throat.

Failing to remember that he carried it in his pocket, the police, who had been summoned, arrived and put him under arrest before he could do himself serious injury.

Cole returned home Thursday afternoon maudlin drunk, it is said, and about 5 o'clock tried to hang himself from a gas pipe that ran along the ceiling of his room. The pipe, however, broke just as the rope began to tighten around his throat, and he dropped unhurt to the floor.

He was determined, though, to end his life. Immediately the rope broke he began ransacking the house for his razor, declaring all the while that nothing could prevent him from cutting his throat.

Directly after his first attempt at suicide had failed, the police were summoned. Officer Bishop and Johnson responded. They arrived just when Cole was at the height of his search war the razor, and, after quite a struggle, placed him under arrest.

HOLD-UP A FAILURE

Engineer Surprises a Gang of Would-Be Robbers.

TABLES TURNED UPON THEM

Attempt to Rob Freight Train Proves Abortive and Would-Be Robbers Are Captured After Automobile Chase by Officers.

New York, July 13.—A daring attempt to holdup and rob a freight train on the Pennsylvania road at Rahway, N. J., was Thursday frustrated by Engineer William B. Lawrence.

The would-be robbers, four negroes, were captured after an automobile chase.

The freight train was approaching Rahway when the engineer saw a signal to stop. When he did so he was surprised to see four negroes jump from behind a clump of bushes and climb on board. One of the men boarded the engine while the other three got on the train. The negro on the engine ordered that one car be uncoupled from the train and left behind to be ransacked by them.

Realizing that a fast express train would be along in a few minutes, the engineer grasped the throttle and set the train going at full speed, while the negroes looked on in amazement. Twice the men endeavored to jump from the train, but fear of being dashed to death prevented them and they hung on until the train had reached the freight yards at Waverly, 12 miles away. There the men fled into the country, but some policemen who were notified, pressed an utomobile into service and the negroes were soon overtaken and arrested.

The would-be robbers gave their names as Joseph Wilson, John Johnson, Gorman Tobin and Florence Davis, all of Philadelphia.

TELLS STORY OF HER RUIN.

Pretty Priscilla Bowie Testifies in Crowded Court Room.

Laplatta, Mo., July 13.—Priscilla Bowie, the pretty young woman on whose account her mother and brother killed Hubert Posey by shooting last January, went on the stand on Thursday at the trial of Mrs. Bowie and her son Henry, and in a voice broken by sobs told the story of the events leading up to the tragedy. When she had finished her narrative she was on the verge of collapse, and a large portion of the spectators who crowded the court room were in tears.

Mr. Bowie preceded her daughter in the witness chair, and without hesitancy declared that she and her son fired the shots, one of which ended Posey's life. She knew young Posey for a long time, she said, because he was a cousin to her children.

"He had been going regularly with my daughter for years," she continued, "and when she was 17 he asked her to marry him when he became 21 years old."

Mrs. Bowie declared she heard Posey himself make the promise. This was after her daughter's condition had been revealed to the mother, and on last Thanksgiving day was set for the wedding, but Posey did not appear.

The witness then told the story of the meeting with Posey on the day of the shooting.

"We went up the road to meet him and to talk to him," she said, "and advise him to come and marry Sis."

She related how she first pleaded with Posey to repair the wrong she alleged he had done her daughter, even offering to pay the expense and her son adding that if he wanted to leave his sister afterwards he could get a divorce, but that he must marry her.

Soldiers Fight Duel.

Leghorn, July 13—Lieutenant Varra, of the Tenth regiment of infantry, was seriously wounded in a duel Thursday with Lieutenant Deostard, of the same regiment. The men fought for 32 minutes, during which there were eighteen assaults.

SHOT TO DEATH FROM AMBUSH

Another Assassination Near Starke, Bradford County.

MURDERER LEAVES NO CLUE

Martin DeSue, a Well-Known Colored Man, Killed Last Wednesday, While Driving Leisurely Along the Road Home.

(Starke Telegraph.)

Martin DeSue, a well-known and highly respected negro living about seven miles northwest of Starke, was way-laid and shot to death about sun-down Wednesday afternoon.

DeSue had worked all day at the farm of Wm. Reddish and was on his way home when he was shot. He was in a buggy and was driving along leisurely, eating a piece of watermelon that had been given him by Mr. Reddish. About mid-way between the home of Mr. Reddish and the home of Wilkerson Wainwright the road traveled by DeSue leads across a small drain skirted by a heavy growth of trees and underbrush. It was here that the assassin secreted himself and when his unsuspecting victim came along he fired the fatal shot and made good his escape. The assassin used a shot gun heavily charged with buckshot and the charge took effect in DeSue's right side, inflicting wounds from which he died in a few minutes.

The report of the gun frightened DeSue's horse and the animal ran away. Two sons of Mr. Reddish, who were working in a field that lies along the road, heard the shot and saw the horse coming down the road on a run and went to DeSue's assistance. They succeeded in stopping the horse, but the wounded man, who had fallen over on the buggy seat, was already gasping for breath and died without being able to speak to them.

Mr. Reddish sent news of the tragedy to near-by neighbors at once and Truby Wainwright came to town to notify the authorities. About 9 o'clock Judge Dekle, Sheriff Bennett and a small party of citizens left for the scene of the tragedy. Arriving there Judge Dekle empanelled a jury composed of W. D. Alvarez, S. L. Alvarez, Frank Burnsed, Dorsey Adams, Drew Reddish and J. W. Williams. The jury viewed the body and adjourned to meet again Friday morning at 9 o'clock, and the officers returned without having found the slightest clue to identify the assassin. Sheriff Bennett visited the locality again Thursday morning and spent half of the day in the hope that he might secure some information that would lead to the apprehension of the guilty party, but his trip was a fruitless one.

The murdered man was an old resident of the locality in which he lived and bore an excellent reputation.

CENTRAL CITY CANNERY.

Has Started Up. But Only Limited Supply of Tomatoes on Hand.

The Central City Cannery, Denham & Son, which enjoyed such a fine success last season, has again opened, but the supply is very short so far this year, only a limited supply of tomatoes being on hand.

The capacity of this cannery is large, and during the season a number of hands are employed when canning material can be secured.

The Smile

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face? If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

What has become of The Pensacola Daily News? A copy of that excellent paper has not been received at this office for several weeks.

The Orlando Democrat claims that gold exists in large quantities beneath the soil of Orange county, but the farmers are too busy cultivating their crops and counting the cash receipts therefrom to bother with digging for the precious metal.

Senator Frank Adams of Jasper is receiving many justly deserved "bouquets" from the State press. Should Senator Mallory not be a candidate for re-election to the United States Senate, no better man could be found in the State to take his place than the able and genial Senator from Hamilton.

The Georgia Legislature has re-elected United States Senator Bacon by a unanimous vote, and former Congressman Bankhead has been elected by the Alabama Legislature to succeed the late Senator Morgan. Bankhead's defeat of Bankhead for Congress three years ago has thus resulted in the latter's promotion.

The prohibitionists will soon force another election in Orange county, the legal sale of intoxicating liquors now being permitted. It is not unlikely that both Marion and Orange counties will be added to the "tall, dry column" during the year 1907. An effort will also be made to place Putnam county in the same column.

Bradford county is threatened with another wet and dry election, and the good women of the county have appealed to the voters not to sign the petition requesting such election to be called. The people of Bradford are no more likely to vote the county "wet" again than would the people of Alachua be likely to do so. The legal sale of whiskey has been "tabooed" in these counties for at least many years to come.

Mr. Fairbanks ought to have known better than to use just forty Manhattan cocktails on the occasion of the President's visit to Indianapolis. The number used suggests the "forty thieves," and the Manhattan brand suggests "Wall Street thieves." If he had ordered an odd number of good whiskey cocktails, he might have escaped the wrath of good Democrats, even though his Methodist Republican brethren kicked like steers. But as it is, he has no sympathy from any quarter except Wall Street and Oyster Bay, and even the President may curse him for mixing him up as one of the wine-bibbers.

The Punta Gorda Herald is inclined to the opinion that Col. Brown's candidacy for the United States Senate will prove anything but a joke. The Herald says: "The newspapers may regard Col. T. J. L. Brown's announcement for United States Senator as a joke, as some of them say they do; but if Col. Sparkman keeps out of the race Col. Brown will demonstrate the fact that his candidacy is anything but a joke. He is a hustler, with plenty of ability to arouse the voters, even if he should fail to electrify the newspapers. It is just such pluck and energy as he possesses that usually win out in any kind of an undertaking."

FROM THE PAGES OF FLORIDA PAPERS.

Not Until the Millenium.

The authorities of Jacksonville are demanding clean streets. Next thing one knows the citizens of that progressive city will be clamoring for "clean" politics.—Palatka Times-Herald.

An Echo of '76.

A West Florida exchange states that Sopchoppy is solid for Jennings. The several other wouldbe Governors may as well take the hint and seek the tall timbers.—Palatka Times-Herald.

Too Early for Campaigning.

Things are quieting down a little from a State political standpoint. Let us hope this quietude will continue for several months to come. It is all wrong to begin the campaign now.—Manatee Record.

A Cheerful View.

The Madison New Enterprise says that Madison county will be enriched several thousand dollars each year by the provisions of the new pension law. This is certainly taking a cheerful view of the matter.—Pensacola Journal.

Sweet Music to the Ward Heeler.

When Cromwell Gibbons returns from Cuba after winning that great suit, his "roll" will doubtless be sufficiently large to make him a decided factor in the gubernatorial sprint, in the event he decides to "butt in."—Palatka Times-Herald.

That's Where They Belong.

As we go to press there is a commotion in the "blind tiger" camps, no less than six of them being up before the county court, for trial. Let the good work proceed until every one of them are in the chain gang, where they belong.—Bradentown Journal.

Reformer or Teddy Bear.

Brother Holly of The Orlando Reporter-Star grew quite snappy because we called him a reformer. Dear, dear, what will please him if that won't? But if he wants to be a bear, why he may have his way so far as The Tribune is concerned—a Teddy one, at that.—Tampa Tribune.

Business Before Pleasure.

On this, our birthday, came a very kind letter with the offer of a round trip ticket from Jacksonville to New York, so that we might go and visit our boyhood's home, but business is too intense. The Sarasota Times must come out every Thursday. Much time and money would be required for such a trip, and we must stay home.—Sarasota Times.

Favors Local Option.

The prohibition advocates have figured it out that they have plenty of votes to put their State prohibition measure through both houses of the Georgia Legislature and they propose to do so without delay. It is a summary way of solving a great problem and we have little faith in the result. The people in every county in the State are clearly entitled to vote on such an issue, especially where the question was not made an issue in the election of the members of the Legislature. Statutory prohibition in Maine is a farce and it will doubtless be so in Georgia.—Live Oak Democrat.

If everybody thought exactly alike it would be no sign in this wide world that their thinking is right.

THE KNOWNOTHING SPIRIT.

The Palatka News, one of the most ably edited weekly papers in the State, says:

"Florida is pre-eminently the State of native Americans. Outside of Key West and Tampa, with their large number of Cuban cigar makers, and at Tarpon Springs, with its Greek spongers, Florida's population is largely native American.

"This fact always makes its favorable impress upon the traveled citizen of the United States who lingers long in Florida. It is such a pleasing sensation to be among Americans that he does not fail to comment favorably upon it.

"It is a fact also that had its weight in the defeat of the immigration bill before the last Legislature. The average Floridian hesitates to encourage a condition that means ultimately the elimination of native influence, both moral and political. He knows we gain nothing in morals from the average immigrant, and that he soon learns to get busy in politics.

"In nineteen of the Northern States the number of the foreign-born and their immediate descendants exceeds the number of the native-born. In the largest cities the number is two-thirds, and even three-quarters. There are more Cohens than Smiths in the New York directory. New England, even, is no longer puritan, but foreign. So is it in the Middle and Central West, and not only in the city and town, but in hamlet and country.

"The average Floridian is not so absorbed in business affairs as to overlook the loss from a social, moral and political standpoint which would result from a large influx of foreigners. It may be that this is prejudice, but whatever it be it is here present.

"It is probably a relic of the old 'Knownothing' spirit of 1856, which, had it not been for the more important issue of slavery and State rights, the South together with a large part of the country would have stood on a platform of 'America for Americans,' forgetful of the fact that we are all the children of immigrants.

"Congressman Frank Clark's idea of securing settlers for Florida from the farming sections of other States in the Union should appeal to us all. Such immigrants, though largely foreign, would yet have the advantage of having served their 'probation' or novitiate in other States."

The Starke Telegraph says "the largest deal in stock cattle to be made in this section for a long time was closed a few days ago, when Ex-State Senator Chas. F. Barber bought the Wm. Underhill drove, consisting of 260 head. It is understood that the price paid was $10 per head, or a total of $2,600. Immediately following his purchase Mr. Barber sold sixty head of the cattle to a Jacksonville butcher and they were driven to that city to be butchered. The remainder of the drove will be left on their present range in the vicinity of Starke. Mr. Barber is becoming an extensive cattle owner. He now has about 800 head in Baker and Bradford counties."

The Manatee Record says "a reasonable estimate of this season's crop of oranges places it at about twenty per cent. The shortage is due to the drought; however, it is thought this will be made up for in the price for fruit."

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I "had 'em"—yes—a wiggling, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder (about the same length) of a tapeworm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

SEVERAL NEGROES BADLY WOUNDED

As Result of Altercation Near Jonesville Settlement.

TROUBLE OCCURRED AT DANCE

Alfred Williams, a Former Resident, Killed by Lightning at Dunnellon the Remains Interred in Jonesville Cemetery—Personal Notes.

Jonesville, Fla., July 13.—The colored people of this place intended having a dance at Henry Latson's on the night of July 8, but there arose a disturbance which is now causing four of the number to be laying up. There was quite a lot of shooting, in which Ambus Welch, Richard Niblack, Calvin Grant and Fortune Perry were wounded. All are doing as well as could be expected.

Alfred Williams of Dunnellon was buried at Jonesville cemetery yesterday. Mr. Williams was engaged in carpenter work, and when a cloud came up he and other carpenters went to a dry shed to seek shelter from the rain. Lightning struck the shed, killing him instantly, and rendered the others unconscious. His mother, Mrs. George Williams, and other members of the family accompanied the remains to this place. This was Mr. Williams' former home and his friends here were shocked at the receipt of the news.

Personal Notes.

John Hamilton and sister, Miss Cena, made a business trip to Newberry yesterday.

Sonny Snowden of Micanopy was in our midst Saturday and Sunday, visiting at the homes of R. P. Miller and J. J. Jones. Mr. Snowden sold a fine horse to J. J. Jones.

Jack Garland of Newberry spent yesterday with his friend, Wm. H. Pickett.

Mr. and Mrs. R. W. McCall and children of Largo visited Mrs. McCall's mother, Mrs. W. J. Hamilton, last week.

Mrs. T. R. Pickett has gone to Tampa, where she will visit her sister. From there she will go to Fort Meade, where she will visit her son and daughter, Mr. and Mrs. W. L. Pickett.

The six-months'-old baby of Mr. and Mrs. Maxey Holt, Jr., of Newberry died last Saturday at the home of Mr. and Mrs. Zeke Crosby, and was buried in the Jonesville cemetery Sunday morning. The numerous friends of this young couple extend sympathy.

Miss Lizzie Hamilton is again able to be up, to the delight of her numerous friends.

Mr. and Mrs. J. C. Fortson and son of Newberry visited Mrs. W. J. Hamilton Sunday, as did Mrs. George Smith and children.

Miss Irene Miller went to Newberry last Tuesday to consult Dr. S. A. Hussey in regard to some dental work. She was accompanied by her father, R. P. Miller.

The Cummer commissary has been moved from Tioga to the camp here, which helps to make Jonesville lively.

MRS. ROOSEVELT PUTS BAN ON CORSETS.

Mrs. Theodore Roosevelt has essayed the role of reformer. It is not the railroads, the corporations nor the nature fakirs that have fallen under the ban of the first lady of the land. According to an intimate friend, the President's wife has decided to discard her corset. All of the semi-like instruments of torture in her wardrobe will be thrown into the garbage heap and she will hereafter wage unceased warfare against them. If Mrs. Roosevelt is successful in her crusade, the corset will be relegated to the limbo of antiquity, along with the hoopskirt and the bustle. As a result, the wasplike waist bids fair to go out of fashion, and the Venus form, long admired but seldom emulated, it is to have its inning.

Mrs. Roosevelt's action as a sartorial reformer is not without precedent. When Mrs. Cleveland was America's first lady she placed an eternal taboo on the bustle and put the ban of official displeasure on that hideous instrument of deformity. At that time the bustle had grown to enormous size and caused the American woman to assume a resemblance to the humpbacked ship of the desert. Mrs. Cleveland's example was speedily followed by the nation's femininity and the bustle became a back number.

The opposition of Mrs. Roosevelt to the corset is based on hygienic facts not unrelated to the subject of race suicide. She believes that the compressing of vital organs by means of stays has become a positive menace and a crime against future generations. Such a crusade will not be without its effect in the financial world, since millions of dollars are invested in corset manufacture in this country, and any attempt to bring these articles of feminine attire into disrepute will not be accomplished without a determined fight on the part of the vested—or "corseted"—interests of the nation.

The Doctor Away from Home When Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp, colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by all druggists.

New Railroad Chartered.

Atlanta, July 13.—The Tennessee and Georgia Interurban Railway company was granted a charter Thursday by Secretary of State Phile Cook. This company is capitalized at $500,000, and proposes to build a line from Chattanooga, Tenn., across the Georgia line into Walker county, reaching Rossville, Chickamauga Park, Catoosa and Catoosa Springs. It will be 25 miles in length.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John street, Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by all druggists.

Leach Succeeds Roberts.

Oyster Bay, July 13.—President Roosevelt has appointed Frank A. Leach, of Oakland, Calif., director of the mint, to succeed George E. Roberts, who resigned to accept the presidency of the Commercial National bank of Chicago, made vacant by the death of James H. Eckels. Mr. Leach is, at present, superintendent of the San Francisco mint.

Take the Postmaster's Word for It.

Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." For sale by all druggists.

SERMONETTES

Written for THE SUN by J. Marvin Nichols

Who are you?

Wait on yourself—that'll fetch her.

No man can do good work when his brain is muddy.

Duties will always be more important than rights.

An active man builds success on a foundation of failure.

Every law looks blue to the man who wants to break it.

"Gentleman"—a mightily overworked word in these days.

A spoilt child grows up and he and the world rarely ever agrees.

He who stops just one heart from breaking has not lived in vain.

A good conscience sure keeps a fellow out of the game these days.

To lose you were to lose myself—that's the last analysis of a real friend.

A strong man never ignores a weak one. That's the highest evidence of strength.

Marriage is a partnership in which each party is in honor bound to think of the rights of others.

"Broken friendship," says a writer, "like china, may be repaired, but the break will always show."

We cannot always see ourselves as others see us, but we can always see ourselves as we see others.

Picking a quarrel with a woman and fiddling with a hornet's nest are about one and the same.

The national soul is the home. What shall it profit us if we gain the whole world and lose our soul?

Some men move on lines of least resistance. And there's the jelly fish—he floats with the tide.

Riches carry their own penalty, not the least being idleness and no opportunity of doing productive labor.

Carnegie declares that millionaires never laugh. Guess not! The thing has gotten so strenuous that there's no laugh coming.

The great Governmental question of the tariff and currency literally fade away when compared to the vital question of the preservation of the home.

A woman has all sorts of inventions for the developing of her bust, but all a man does for his is to be on the wrong side when the big slump comes in the market.

I have known of good people resorting to falsehood, technically speaking, in order to immediately gain a desired end. They got it—but at great expense.

No use complaining. Play deaf and dumb—and keep a-comin'. The darkest night will change to light. The blackest cloud must and will empty itself after a while.

It is said that the Indian's bow gains back its strength if unstrung for awhile. So ought we to unstring the mind once in a while—the tired brain often cries for rest.

Brace up, old fellow. It will soon be your inning. They may cat-call you now, but the fans in the grandstand will get wild when you park the ball. Park her, old fellow.

Malice, jealousy, cruelty, the hydra-headed monster that pulls his slimy length throughout our nation's homes. Marital unrest—that's the shocking question that confronts us.

Fear the man who blazes his way through the trackless forest. He's a pioneer and the world follows close at the heels. Dread the man who follows no leader—and yet does tremendous things.

No one has a friend until such a one becomes your star of hope despite the gathering clouds of adversity. Such an one is always a permanent fortification when one's affairs are in a state of siege.

Wealth and colossal fortunes are not worshipped now with the devotion such as it used to be. A new standard has been established; new yet old—just honesty; that's all. The remedy for corruption has been found in the hearts of the people.

Some are just so constituted that they can never see a thing only in the darker shades. Their eyes just simply won't take in any light. These folks are sure to keep about you an atmosphere that is depressing and crushing. No man can be at his best and be forever under the impact of a tempest.

Did you never see a horse working in the old treadmill fashion? Always on the go, yet going nowhere. Always on the move, yet never approaching either a near or a remote goal. These days many a fellow seems content with the treadmill grind.

Ridsdale had evidently been over the road when he said that a woman wants to be told that she is handsome although she has a squint eye and a pug nose—and so it goes. However honest and truthful you may be, you will be despised unless you learn to keep your clapper tied.

Avoid the break in friendship, for when it comes it cannot really be mended. The jarring note mars the harmony of the whole glorious symphony. It is not alone a question of forgiveness; that may be full and complete. It is the hurt in the heart that will not readily heal and the confidence that will not fully come back.

The Lord Mayor of London, in a recent speech, declared that the best thing that can happen to a young man is to be poor. Extreme poverty may sometimes hamper a youth's progress, but he is far more likely to make his way in the world if he starts with the proverbial half-a-crown in his pocket than with a 1,000-pound note.

Kicking is a habit, and may be either natural or acquired. The habit of complaining, or criticising, of fault-finding, or grumbling over trifles, a habit of looking for shadows, is a most unfortunate thing to contract, especially in early life. The victim is sure to become a slave. All the impulses will become perverted. The tendency to pessimism and criticism will soon be chronic.

After all there is nothing that really goes to the heart of another like the recognition of personal worth. Most of us can recall days when we walked with a lighter step because there had come to us the cordial recognition of another human soul. We do not always think what resources of encouragement and helpfulness lie in an honest word of recognition of another's work or purpose.

Martin tells of a young art student who had just finished a picture and with tears in her eyes, had declared that it was another "awful failure." Just then the instructor, seeing what she had done, took a brush and palette and put a few strokes of light here and there; and lo! the "failure" was a thing of beauty. The young woman learned to put on the finishing touches to her own "failures" and they won the prize after all. Thousands of the great works of art, and many wonderful inventions, have been lost to the world on the very eve of accomplishment. Their authors became discouraged just at the critical moment that only needed the finishing touch. Perseverance is the "open sesame" to the door of success.

Your Liver

Is out of order. You go to bed in a bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. F——. Ft. Worth, Texas, writes: "We have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household are happy and well and we owe it to Herbine." Sold by W. M. Johnso:

Long Flight for Pigeons.

Columbus, Ohio, July [illegible]. Brigl, J. P. Burns and W. T. [illegible] gen, owners of three prize homing pigeons, started the pigeons from Brenham, Tex., Tuesday afternoon for Columbus on a race against time. The distance on an air line is figured at 1,010 miles.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and $1.00. Sold by W. M. Johnson.

THE KING OF BLOOD PURIFIERS

For more than forty years S. S. S. has worn the crown of public approval and has been recognized as the King of Blood Purifiers. It has demonstrated its ability to CURE in thousands upon thousands of cases of blood and skin diseases until it is regarded today as the most reliable and safest of all blood medicines.

Pure blood means strong, vigorous bodies, well nourished systems, steady nerves, and all the machinery of life working in harmony with nature—thus insuring perfect health. Impure or diseased blood means the opposite of all this; any impurity, humor or poison in this vital fluid acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and the various skin affections show that the blood is in a feverish and diseased condition, as the result of too much acid or the presence of some irritating humor. Chronic Sores and Ulcers are the result of morbid, unhealthy matter in the blood, while Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that continue to grow worse as long as the poisons which produce them remain in the blood.

All blood troubles are not acquired. Through the blood disease germs are transmitted from one generation to another. Parents hand down a tainted circulation to their children, and we see its effects manifested in various ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and, as the taint has been in the blood since birth, the entire health is usually affected, and the system weakened from want of nourishing, health-giving blood.

THOROUGHLY TESTED IN HER FAMILY.

S. S. S. has been used extensively in our family, given to both young and old, and always with the best results. It thoroughly cleanses the blood of all impurities, at the same time it builds up the general health, gives appetite, strength and energy. We have given it to our children, as intimated, and found it to be non-injurious to the system and always capable of purifying the blood and restoring health. I unhesitatingly recommend it to all in need of a blood medicine. It is superior to everything else as a cure for blood diseases.

MRS. CLARA DAUBERT.
Schuylkill Haven, Pa.

In all blood troubles S. S. S. has proven itself *"The King of Blood Purifiers."* It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this life-stream pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, supplies it with the healthful properties it needs and establishes the foundation for good health. As a tonic S. S. S. has no equal, and it will be found especially bracing to weak, anaemic persons.

One of the greatest points in favor of S. S. S. is that it is purely vegetable, made from nature's healing, cleansing, health-producing roots, herbs and barks. It is the one medicine that may be taken with absolute safety by the youngest child or the oldest member of the family. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison, and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years, or to be transmitted to offspring. If your blood is out of order begin the use of S. S. S., The King of Blood Purifiers, and restore this vital fluid to its normal healthy condition, and enjoy the blessing of good health. Book on the blood and any special medical advice desired will be furnished free of charge to all who write.

GEORGIA LEGISLATURE.

Lobbying Bill Passes House—Prohibition Question Up.

Atlanta, July 12. By the unanimous vote of 155 to 0, the bill which prohibits lobbying with the general assembly of Georgia, passed in the house Tuesday morning.

For four hours Thursday morning in the largest committee room at the capitol the senate temperance committee listened to arguments both for and against the Hardman prohibition bill.

The debate was closed promptly at 12 o'clock and at three minutes of 1 o'clock the committee, after hearing the bill explained and amending it so as to make it even more stringent in its prohibition of the sale or keeping of whisky, passed a motion, without a dissenting voice, to recommend it to the senate for passage.

All secret societies in Georgia which hold secret sessions behind closed doors, with sentinels on guard will be required to make bonds, at the discretion of the ordinary, ranging from $5,000 to $25,000, if the bill to this effect, favorably reported by the general agricultural committee Thursday afternoon, Mr. Martin, of Elbert, chairman, is enacted into a law.

The bill by Mr. Furr, of Banks, to prohibit the use of the automatic repeating gun in Georgia was reported with the recommendation that it do not pass. This kills this bill most effectually.

The McMichael bill which requires all cotton seed meal to be divided into the three grades of "high," "standard" and "low" with the minimum amount of ammonia allowed stamped on the outside of the sack was also favorably reported by committee.

Two important matters were acted upon by the special judiciary committee when the Barksdale resolution, calling for the creation of a board of insurance information, was referred to a committee of three, and the bill by Mr. Candler, of DeKalb, creating a board of public accountants, was recomended favorably.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by all druggists.

The discovery was made by the conductor who went to the woman's berth to return her ticket. Receiving no response to his calls, he drew back the curtain and discovered the woman half dressed and dead. The body was turned over to a local undertaking establishment and relatives at Ocean City notified.
